- Opens "What are you raising money for"
- You choose "A charity"
- It will now ask you to login or create an account (follow on screen instructions)
- Opens charity search page
- Search "INTO Giving" - once searched you need to scroll down past "Campaigns" to "Charities" to see INTO Giving's listing and select - please note you must choose "INTO Giving" for GBP donations and "INTO Giving USA" for dollar donations
- Next page asks you to define activity - choose from the list the type of event you are doing
- Enter event details on new page
- Answers to subsequent questions are as following:
 - Are you planning to ask for donations to your JustGiving page in return for goods, services or other benefits? - Please answer NO
 - Is your charity contributing to the cost of your fundraising? - Please answer NO

Once completed your Just Giving page is created and you have the opportunity to edit your personal page information - include photos as people love to see what you're up to, and post updates to let people know how your preparations are going etc

It's useful to explain in your bio why you have listed INTO Giving as the receiving charity when the money will end being donated to someone else (e.g. Macmillan/MIND etc).

Feel free to copy the example blurb below to explain the iGive process.
